

Do you experience aches and body pains, muscle stiffness, and extreme fatigue? If you are at least 18 years old and experience symptoms of fibromyalgia, you may qualify to participate in a clinical research study. Qualified participants receive investigational study medication, and study related exams (i.e., physical exams, lab tests) at no cost.

Todd J. Swick, MD, PA Research Department 713-465-7066

## Have you been diagnosed with Alzheimer's Disease?

If so, you may qualify for a research study of the safety and tolerability with an investigational medication for Alzheimer's Disease. Qualified participants will receive study drug and study-related physician visits at no cost. If you would like more information or to see if you may be eligible for the study, please contact the physician's office below.
